Greetings Comrades:

Re: 2020 United Way Campaign

I am pleased to be writing today to endorse the United Way campaigns in Manitoba, Saskatchewan and Alberta for 2020.

The Canadian Labour Congress, Prairie Region, has a long and proud history of working with the United Way movement in the prairie provinces helping to build strong, resilient communities. As our local partnerships continue its focus on community impact through identifying and addressing the root causes of social problems, as well as building on its commitment to strengthening its role in public policy, I look forward to deepening our partnership and work together.

As a board member for my local United Way, I understand how important our efforts are during the annual campaign, and the essential role that the labour movement plays in bringing together the financial and human resources of our two movements to provide the foundation for community initiatives.

I am proud of the fact that working people continue to be the backbone of local campaigns across the prairies, contributing millions of dollars collectively across our region each year. Every year, we see workers stepping forward to keep their communities strong. I know you will do so again this year.

Let’s continue our work together during and beyond the 2020 campaign through gifts of time, energy and money.

In solidarity,

[Signature]

Darla Deguire,
Director
